

## 100 Jobs for 100 Moms

When Companies Care, Families Thrive

### PROGRAM AT A GLANCE

#### The Employment

- Jobs provided by community employers who partner with us to hire our moms, provide on-the-job mentoring, and are understanding of the circumstances of a single mother
- Full- or part-time work experience for moms between the hours of 8 am and 5 pm, Monday through Friday

#### The Support

- Housing, case management, therapy, education support, financial incentives for performance, peer meetings, and career coaching at Amethyst Place

*"The 100 Jobs program has been critical to our business, providing a reliable stream of entry level employees that soon become skilled workers. In the time that these women have been employed in the program, we have seen them complete their GEDs, enroll in college, and successfully reunite with their children."*

### ABOUT 100 JOBS FOR 100 MOMS

100 Jobs for 100 Moms is Amethyst Place's supportive employment program, which helps moms establish meaningful career paths with the necessary support to overcome generational poverty. This program is a partnership between Amethyst Place and local employers who believe in the power of transformation and providing career opportunities for Amethyst Place women.

To support the success of our women at work, we provide:

- **Coaching, job placement, and coordination** between Amethyst Place women and employers.
- **Educational support** for women to simultaneously further their education, including tutoring for GED and college. This dual track approach is key to lifting families out of poverty.
- **Financial coaching** to improve financial literacy, address past debt, improve credit, and increase budgeting skills.
- **Emergency financial assistance** to help with transportation, housing, child care, or health barriers that impact employment and education.
- **Financial incentives and goal setting** to further success. Participants earn financial incentives tied to attendance, job performance, and goal-setting. Peer group meetings capitalize on women becoming their own support group, building on the resources and connections at Amethyst Place.
